Description

Timber Lakes is located on 260 beautiful timbered acres in east-central Kansas. It offers fishing ponds, streams and rock cliffs. Deer, turkey and other wildlife are sure to be seen as one strolls along miles of hiking trails, winding through tall trees and deep ravines.

In the fall, the leaves of the hardwoods create a spectacular array of color, and there is nothing like a fun filled hay-rack ride ending at the camp fire ring with songs and food.

Come enjoy Timber Lakes for summer church camps, birthdays, family reunions, weddings, business seminars, company parties, winter retreats, pastor retreats, picnics, church leadership retreats, or just a time away with your family!

General Information

Timber Lakes, owned and operated by the Midwest District of the Missionary Church, is available for use by groups and organizations whose purpose and practices do not conflict with those of Timber Lakes. In keeping with our mission statement, “to provide a natural setting in which to experience Christ’s love”, we are endeavoring to develop a high quality facility where children, youth, adults, singles and families can enjoy the wonders of nature while reestablishing relationships with God and one another.
